

Erratum:

Inadvertently one article was omitted from the Table of Contents in the war number (Vol. X) of the International Journal of Leprosy. If your volume is to be bound please substitute the enclosed Table of Contents for the incorrect one when binding. If your volume is not to be bound, the corrected page may be inserted as follows:

Cut off the present page of Table of Contents about $\frac{1}{4}$ inch from the binding edge, leaving a small hinge. Paste the corrected page on this paper hinge.
