

## A CORRECTION

TO THE EDITOR:

In your January-March, 1952, issue (Vol. 20, No. 1) there appeared an article by Drs. H. W. Wade and Vladimir Ledowsky, which contained the following passage:

"Austin, in a rapid survey made in November, 1951, for the South Pacific Health Service, at the instigation of one of us (V. L.), found no new cases."

Dr. Austin's visit was, in fact, arranged for and paid for by the South Pacific Commission to whom his services had been made available by the South Pacific Health Service.

I shall be obliged if you can see your way clear to publish this correction in an early issue of the JOURNAL.
