

On the JOURNAL's 50th Anniversary

TO THE EDITOR:

Exactly half a century ago, on the first of January, the first issue of the INTERNATIONAL JOURNAL OF LEPROSY came out.

During those 50 years the JOURNAL has been propagating in the world valuable information on leprosy. This has had a great impact on the fight against leprosy in which your efforts have made great contributions.

On the 50th anniversary of IJL we send

our best congratulations to you and your family; to Prof. M. F. Lechat, president of ILA; Dr. S. G. Browne, secretary, ILA; Dr. W. Felton Ross, treasurer, ILA, and to all contributing editors and their families.

—Dr. Tran Huu-Ngoan
